THAKS JEAMANUKOOLKIT (PIPPO)

PRODUCT MANAGEMENT | PRODUCT STRATEGY | HUMAN-CENTERED DESIGN

thaks554@gmail.com | linkedin.com/in/thaksj | Seattle, WA / Bangkok, Thailand

EDUCATION

UNIVERSITY OF WASHINGTON — Seattle, WA
Human-Centered Design Engineering Student — Expected Graduation: June 2027
Relevant areas: Product thinking, UX research, interaction design, prototyping, data analysis

EXPERIENCE

ACCENTURE — Bangkok, Thailand
Management Consulting Intern — Jun 2026 - Aug 2026

- Conducted customer, competitor, product, and market research across retail banking, wealth, auto lending, and AI-driven development to identify customer needs and product opportunities.
- Mapped end-to-end customer journeys and operating processes to surface friction points, process gaps, and opportunities for digital product and service improvement.
- Translated complex business and user needs into executive-ready frameworks, process flows, and recommendations for project leadership and client stakeholders.
- Worked across strategy, business, and experience topics, connecting customer needs with operational and commercial considerations.

ACCENTURE — Bangkok, Thailand
Project Manager Intern — Jun 2025 - Aug 2025

- Supported Thailand's first fully virtual bank within the Digital Lending Tribe, coordinating cross-functional teams and communications across two workstreams.
- Resolved 6-10 weekly issues and 2-5 change requests, helping integration and rollout milestones remain on schedule.
- Built a centralized project tracker across six status files and improved reporting turnaround from 2-3 days to same-day.

ASCEND GROUP — Bangkok, Thailand
Operations Intern — Jun 2023 - Aug 2023

- Designed UX/UI wireframes for a next-generation e-commerce platform, translating user behavior and business requirements into interface concepts.
- Conducted regional e-commerce market and competitor research to inform platform development and market positioning.
- Reconciled and analyzed financial reports while supporting internal workflow improvements.

LOTUS'S — Bangkok, Thailand
Format & Operational Development Team Intern — Jun 2022 - Aug 2022

- Analyzed data for a $100M cost-saving initiative, identifying opportunities to improve operational efficiency and reduce costs.
- Conducted on-site investigations of operational bottlenecks and translated findings into recommendations and senior-leadership presentations.

SELECTED PRODUCT PROJECT

NO CLOUDY DAYS | *Inclusive Product Design*

- Co-designed a physical-digital activity system with a newly retired adult, translating interviews and iterative feedback into an accessible experience focused on independence and meaningful routines.
- Iterated prototypes through critique and usability feedback, balancing simplicity, privacy, intentional interaction, and long-term engagement.

LEADERSHIP

UW THAI STUDENT ASSOCIATION — 2023 - 2024
President

- Led student-organization planning, events, and community engagement while coordinating initiatives with other university organizations.

ADDITIONAL EXPERIENCE

UNIVERSITY OF WASHINGTON HOUSING & FOOD SERVICES — Seattle, WA
Dining Student Assistant — Mar 2025 - Mar 2026
